

To whom it may concern,

I found your address on your sub-division's web site. Please pass this information on to the other members of your sub-division's Home Owner's Association.

Regretfully, it has come to our attention that our kids are responsible for spray-painting some of the STOP signs at the entrance of your sub-division. We made them attempt to clean the signs, however, three of the signs could not be cleaned.

These are good kids who had a momentary lapse in judgment and whose parents are deeply disappointed in their behavior. Each of the kids are being disciplined and are working to pay back the enclosed payment.

Please accept this \$200.00 Money Order as payment for replacement of the signs. We have enclosed a printout from a web-site where we looked up the price of signs and have added an additional amount to cover labor costs.

We are sorry for any inconvenience this has caused your sub-division.

Disappointed and Concerned Parents
